

Fee types

There are two fee types:

1. Fixed fee. This fee covers projects where the costs are easily identified before application, or where an average rate is appropriate. The amount is fixed. No additional costs will be charged by New Plymouth District Council (NPDC) in regard to the fee quoted.
2. Base fee. The base fee is based on the anticipated costs for the project and is non-refundable.

Application for amendment generates an individual fee which covers all non-technical aspects of the amendment process including electronic lodgement, administration time, completeness check, document acceptance and client liaison (time spent on the application by a technical officer will be also charged as detailed in the 'Costs for additional staff time' section of the fees and charges).

Application for code compliance certificate generates an individual fee which covers electronic lodgement, administration time, completeness check, document acceptance, technical check of application, client liaison and certificate issue.

In some cases actual costs of a project may exceed the estimated minimum fee, due to external or specialist inputs, additional information submitted, application complexity, inspection complexity or additional inspections undertaken.

At the end of a project, if the actual costs have significantly exceeded the minimum fee, an invoice for the additional costs will be sent and are required to be paid prior to issue of a code compliance certificate.

Cancellations

When an application is withdrawn before the consent is issued and fees are outstanding, an invoice for the work completed to date will be sent to the fee payer.

If an application is withdrawn after the consent is issued, a refund will be sent to the payer for monies not used by the activities to date.

Payment of fees

The total fee and levies applicable will be asked for when you submit your application. We would appreciate that this is paid when applications are lodged, however if the applicant is not responsible for the cost an invoice can be sent to the owner when the consent is ready to be issued and must be paid in full when the consent is picked up.

Extra inspections or re-inspections will be invoiced at the end of the project and are required to be paid prior to the issue of a code compliance certificate.

A reduced application fee may be set by the Manager Building (Building Lead) where unusual circumstances or the characteristics of the application would make it inappropriate to charge the normal fixed or base fee.

Where an application belongs within a higher fee category, additional fees will be required to be paid before the continuation of processing. This will apply when work is undervalued. The estimated value of the finished work will be used.

Where an application falls within more than one fee category, the higher fee category will apply.

Non-payment of fees or the invoiced additional processing costs will result in processing or inspections being suspended unless alternative payment arrangements have been formally agreed.

A typical calculation of the fee you are to pay can be done using this formula:

- Value of work under \$20,444
 - base fee for category + Accreditation Levy.
- Value of work \$20,444 and over
 - base fee for category + DBH Levy + Accreditation Levy.
- Value of work \$20,000 and over
 - BRANZ Levy.

 Note: unless otherwise specified, for uses that fall into more than one category, the higher cost category applies.**

Scale code and category	Total base fee
Dwellings – new and additions	
RES1 < \$15,000	\$852.00
RES2 \$15,000 < \$25,000	\$1,350.00
RES3 \$25,000 < \$80,000	\$1,776.00
RES4 \$80,000 < \$130,000	\$2,902.00
RES5 \$130,000 < \$250,000	\$3,868.00
RES6 > \$250,000+	\$4,925.00
Includes attached garages and any external buildings used for habitation. It also includes any component that is part of the building at the time of construction, e.g. decks, pergolas. Note: an addition is building work that results in an increase of the size of the footprint and/or the building envelope.

ALT3 \$20,000+	\$1,386.00
Buildings – relocation	
MOVE	\$1,397.00
Relocation refers to the placement of a building onto a new site. Relocation includes placement on new foundations, reinstatement of the original structure and connection to an existing sewer or on-site wastewater treatment system. It does not include any alterations or additions to the original structure. For any such alterations or additions, the relevant additional fee will apply.	
Buildings – demolition or removal	
DEMR Residential or rural	\$473.00
DEMO Other	\$557.00
Note: detached dwelling, no more than three stories high, removed off-site or being demolished does not require a building consent. The appropriate application forms for disconnecting reticulation services need to be completed and submitted.	
Ancillary and external works	
ANC1 < \$5,000	\$689.00
ANC2 \$5,000 < \$15,000	\$748.00
ANC3 \$15,000 < \$100,000	\$1,062.00
Ancillary and external works can be joined to, or separate from, a building, are constructed subsequent to or separate from the building and are non-habitable.	
Note: where an ancillary or external work is constructed as part of the construction of a building, it is incorporated into that consent and costs are assessed accordingly.	
Ancillary and external works include minor works such as signs, fences and pergolas; other works such as decks, retaining walls and in-ground swimming pools.	
Note: for ancillary/external works \$100,000 or greater, refer to the 'Community, Commercial and Industrial – new and additions' fee category.
